

Submission of Manuscripts

Authors are expected to submit a manuscript and copyright form for publication in the conference proceedings, by **July 11, 2014**.

Please carefully follow the instructions to prepare your paper for the conference proceedings found at http://www.ieee.org/conferences_events/conferences/publishing/templates.html. As with previous conferences, manuscripts from oral and poster presentations may be up to six pages in length. Invited authors may contribute papers up to eight pages in length, and plenary speakers may submit manuscripts up to ten pages.

You are responsible for and will need to convert your document to PDF format that is acceptable to IEEE.

There are many ways to convert your file into a PDF. Most offices/departments have a PDF writer such as the Adobe Acrobat software available for use. Microsoft 2007 can also be used to write PDF files, if available. When you use the PDF writer ensure that you use the press quality option and embed your fonts.

PLEASE CAREFULLY CHECK THE FINAL PDF VERSION (INCLUDING CONTENT, SPECIAL CHARACTERS, FONTS, ETC.) TO ENSURE THAT EVERYTHING IS CORRECT BEFORE SUBMITTING THE FINAL MANUSCRIPT. REFER TO THE TEMPLATE FOR FONTS, MARGINS, AND FONT SIZES TO BE USED FOR THE PAPER. PLEASE NOTE THAT ONLY U.S. LETTER PAPER SIZE WILL BE ACCEPTED. YOU MUST SAVE AND SUBMIT THE MANUSCRIPT ON THE WEB-SITE (OTHERWISE YOUR PAPER WILL STAY IN DRAFT FORM AND WILL NOT APPEAR IN THE PROCEEDINGS).

Papers must be in the correct format to be considered for review and publication.

How to create Press Quality PDF using a Microsoft Word document using Adobe Acrobat (Acrobat 5.0 or higher)

1. Start Acrobat Distiller from the Acrobat Option, choose Advanced > Print Production > Acrobat Distiller.
2. When the Distiller box opens select Press Quality from the Default Settings menu.
3. Make sure that all fonts are embedded: Settings > Edit Adobe PDF Settings. Select the Fonts folder and make sure the box by Embed all fonts is checked. If no changes were made to the manuscript select cancel; if you made changes select ok to accept changes.
4. In Acrobat Distiller: File > Exit. This will return you to Acrobat.
5. To create PDF: Select PDF from File in the Create menu
6. Select your Manuscript Word document.
7. Save your manuscript as a PDF file.

How to create Press Quality PDF in Microsoft Word 2007

1. Open your manuscript files in Word.
2. Select the Acrobat tab. Then select Preferences.
3. Under settings select PRESS QUALITY from the Conversion Settings menu.
4. Select Advanced Settings. Select fonts and make sure the Embed all fonts box is checked. Press OK to save changes. If no changes were made select cancel. Select OK to return to document. If you made changes you will be asked to save them at this time.
5. Save your document

To upload your manuscript, access the paper submission site, log on with the same username and password that you utilized for your abstract submission, and click on the paper submission link. All papers and copyright forms must be uploaded by **July 11, 2014**.

After you have successfully uploaded your paper, please follow the resulting link to the electronic IEEE copyright form. This form must be completed in order for your paper to be published in the Conference Proceedings.
